

FALL 2012 ADMISSIONS

Humboldt State University is an impacted campus at the freshman level and will use supplemental admissions criteria to admit first-time freshmen for the fall 2012 semester. All first-time freshman applicants must complete and submit the [CSU Application for Admission](#) during the priority filing period (October 1 to November 30, 2011) to be considered for admission.

Applicants from the Humboldt State defined local area will be admitted based on CSU systemwide eligibility criteria. SAT or ACT scores are required for all students with a grade point average below a 3.00. SAT or ACT scores are recommended for all students with grade point average of 3.00 or higher. Test scores must be submitted by January 15, 2012. Our local area is defined as those students graduating from high schools in Humboldt, Del Norte, Northern Mendocino, and Western Trinity counties.

Freshman applicants from schools outside of the Humboldt State defined local area who are CSU eligible will be rank ordered by eligibility index and admission offers will be made in descending order of eligibility until the freshman class is full. SAT or ACT scores are required for all applicants from schools outside the local area. Test scores must be submitted by January 15, 2012.

A small percentage of the freshman class may be admitted based on eligibility index and additional characteristics including first generation college status, socioeconomic factors, skills or talents that align with or contribute to special university programs, and evidence of overcoming educational obstacles.

All freshman applicants must complete the required subject matter requirements with grades of C or better by the date of high school graduation. Course requirements may not be completed during the summer after high school graduation. The Appeal may also include supporting information from additional coursework or proof of enrollment in coursework intended to make up deficiencies in CSU Admissions requirements.
