The Programs

Humboldt State University has a long tradi-
tion of teacher education dating back to
1914, when it first opened as a Normal
School. Over the years, Humboldt has pre-
pared many of the teachers of this region
while developing a reputation for innovation
and close cooperation with local school dis-
tricts. One of every seven Humboldt students
is involved in some phase of teacher educa-
tion (including undergraduate preparatory
programs).

Humboldt's teacher education programs
enjoy positive working relationships with
the local schools that accommodate cre-
dential candidates from year to year. With
the cooperative efforts of supportive school
administrators, excellent mentor teachers,
university professors, and university super-
visors, candidates receive the individual
attention that makes their credential-year
experiences most rewarding. Humboldt
offers the following credentials/programs:

Preliminary Credential

Obtain a preliminary credential by taking a
45-unit professional education program to
qualify for teaching positions including teach-
ing English language learners. The credential
program may be taken after graduation or
as part of an approved BA major, Liberal
Studies Elementary Education Integrated.
The bachelor's degree must be received
from a regionally accredited institution of
higher learning.

Holders of a preliminary credential are
eligible to complete requirements for a pro-
fessional clear credential within five years
through an Induction Program.

Procedures for Applying

The program begins each year in the fall
semester. Since the application **deadline
is February 15**, interested persons should
begin the process a full year prior to the
planned term of entry.

The credential program application and ad-
mission guide are available at [humboldt.edu/
education/programs/credential-programs/
elementary-education](http://humboldt.edu/education/programs/credential-programs/elementary-education) and at the Education &
Credentialing Office (HGH 202). Orientation
sessions that explain the application pro-
cess are offered each fall, beginning in late
September.

Following are some of the items applicants
must document. The education office has
more information.

- A minimum of 45 hours of early fieldwork
(observation/participation) in one or more
K-12 classrooms. This requirement may be
met through Humboldt courses EED 210/
EED 310 (for Elementary) and SED 210/

SED 410 (for Secondary), through compa-
rable courses at another university, or
through privately arranged experiences
(approved by the coordinator) in accredited
schools with credentialed teachers.

- An overall GPA at or above 2.67, or 2.75
for the last 60 semester units (CSU
systemwide GPA requirement for admission
to credential programs).

- The California Commission on Teacher
Credentialing requires that anyone receiving
a California teaching credential have special
technology competencies. The School of
Education offers a pre-requisite course,
EDUC 285, Technology Skills for Educators,
each semester. This course covers many of
the required technology competencies, and
the remaining technologies are addressed
during the credential program.

- All candidates are required to demon-
strate entry level computer competency by
one of the following options:

1. Pass EDUC 285, Technology Skills for
Educators, 3 units at HSU, or C103 Intro
to Computer Education, 2 units at
Coastline Community College.

2. Pass the Preliminary Education
Technology Exam; registration is online,
ctcexams.nesinc.com, cost is \$210.

3. Pass course(s) equivalent to EDUC 285
that meet level 1 standards.

- Verification of passing a basic skills exam.
See humboldt.edu/education for details.

- Tuberculin clearance (chest x-ray or TB
skin test) and rubella immunization.

- Verification of passing the CSET in
Multiple Subjects.

- CPR card from American Heart
Association Course B or C, American Red
Cross Community CPR, or equivalent training
in Adult, Child and Infant CPR.

- Prior to beginning the program, either
(1) a certificate of clearance from the
California Commission on Teacher Cre-
dentialing, or (2) evidence of a credential or
permit authorizing public school teaching in
California. Information can be found in the
application at [humboldt.edu/education/
programs/credential-programs/elementary-
education](http://humboldt.edu/education/programs/credential-programs/elementary-education).

- A set of transcripts (unofficial transcripts
are acceptable) and three letters of recom-
mendation.

- Passing of a basic constitution course
(PSCI 110, PSCI 159, or PSCI 410) or a

passing score on the US Constitution Test administered by the County Office of Education. Most Humboldt graduates have met this requirement. Students from other institutions of higher education should contact Humboldt's credential analyst, 707-826-6217.

- A \$20.00 fee is charged for the phase I fieldwork course to provide coverage of professional liability insurance that is required by the CSU and local school districts prior to student teaching.

February 15 is the deadline for submitting the application packet to the Education and Credentialing office. The deadline for submitting a post-baccalaureate application to the Office of Admissions is February 15.

All packets are reviewed by School of Education faculty. Candidates interview with a faculty committee and with school district administrators and teachers before being admitted to professional education courses.

PROGRAM REQUIREMENTS

NOTE: Credential requirements are subject to change due to action by the state legislature, the California Commission on Teacher Credentialing, or the CSU chancellor's office. The elementary education coordinator has the most current information on changes and how they affect student programs.

Professional Education

Elementary education preliminary-credential courses and field experiences ensure that all candidates completing the program will have been introduced to concepts and strategies for working effectively with English language learners. The program implements the edTPA for the state-mandated teacher performance assessment that candidates must pass to be recommended for a credential.

Preliminary credential courses are sequential, beginning in the fall semester. Candidates observe/participate at their field sites full time on the opening day of school. For the first eight weeks, they have courses three afternoons and evenings per week (Tuesday-Thursday and all day Friday) and participate at their field site a minimum of sixteen hours per week. The last seven weeks of the semester, candidates student teach full time and complete a minimum of three days' solo teaching.

The spring semester follows a similar pattern: intersession (first week of January) full-time observation/participation in the second fieldwork placement; seven weeks of coursework (Tuesday-Thursday and all day Friday) with a minimum of sixteen hours per

week in the placement; and 13 weeks of full-time student teaching, culminating in a two-week (minimum) solo.

One of the fieldwork placements, either fall or spring, will be in primary grades (K-3); the other placement will be in upper elementary grades (4-8). Candidates enroll in the following courses both fall and spring semesters, except as noted.

- EED 720/B (.5-3) The School & the Student
- EED 721/B (.5-2) Multicultural Foundations
- EED 722/B (.5-3) English Language Skills & Reading
- EED 723/B (.5-4) Integrating Math/Science in Elementary School
- EED 724/B (.5-1) Fine Arts in the Integrated Elementary Curriculum
- EED 726/B (.5-1) Professional Development Seminar [spring]
- EED 728/B (.5-2) History/Social Science in the Integrated Elementary Curriculum
- EED 733/B (1) Teaching English Language Learners [fall]
- EED 750 (8) Student Teaching in Elementary School [fall]
- EED 758 (11) Student Teaching in Elementary School [spring]

NOTE: Candidates can receive no grade lower than a "C" in a preliminary credential course and must maintain a B average to remain in the program. For additional information, please read the *Elementary Education Handbook*, available online.

Supplementary/Subject Matter Authorizations

Supplementary and specific subject matter authorizations may be added to a credential through coursework. A secondary education credential may be added to an elementary education credential by passing the CSET examination for that subject and taking three semester units of secondary education methodology. The department office has the specific requirements.

Professional Clear Credential

An induction program is the required route to clear an SB 2042 preliminary credential. Locally, Humboldt State University collaborates with the North Coast Beginning Teacher Project to support new teachers being inducted into the profession.
