The Program

Students completing this minor will have demonstrated the ability to:

- use intersectional analysis to examine social issues
- explain prominent debates in queer theory
- link theory to practice

The minor in Multicultural Queer Studies provides a rich mixture of interdisciplinary courses and community engagement and leadership opportunities. Students draw on classes from critical race, gender and sexuality studies, women's studies, ethnic studies, political science, psychology, education, sociology, theater arts, English, and other disciplines to study political and cultural issues related to sexual identity, sex, gender identity, and sexuality in a multicultural, multiracial, and multidisciplinary context.

All minors gain an understanding of the intersections of race, gender, sexuality and class through CRGS 108. Through engagement with debates in queer theory, students explore the workings of power and the dynamics of resistance. Minors take another seven units in approved Multicultural Queer Studies elective classes. Finally, the minor has a 2- to 3-unit component providing field-based opportunities to grapple with issues of gender and sexual identity in a political, service, or cultural context. Sites for internships might include the Raven Project, Peer Education Program for the Consent Project or Health & Wellness Program, MultiCultural Center, North Coast Rape Crisis Team, Planned Parenthood, Humboldt Domestic Violence Services, and local high-school-based gay-straight alliances.

This minor can be particularly useful for those planning careers in education, social work, human services, public health, law, psychology, journalism and media, social justice activism, and community development.
