

Service Learning Class Sections

Class sections that contain a Community Service Learning component will be indicated in the Banner form SSASECT. A portion of this form is shown below with the indicator set for the given section.

The Chancellor's Office definition is as follows:

This data element is used to identify courses designated as "service learning" by a particular CSU campus. In general terms, a service learning course actively involves the student in a community service experience that directly relates to the content area of the course in question. For more information on service learning, please contact Annie Bolick-Floss at amb2@humboldt.edu or x4965
